Welcome to the reunion. It is hard to believe that 45 years have passed since high school! A lot of things have changed in the community, the World, and to each of us over the years. Technology has exploded. Gadgets like cell phones, the internet, space travel, DVD's, Ipods, and high tech golf clubs have changed our lives. We have changed too. We have married, raised children, had grandchildren, had great-grandchildren, and enjoyed the ups and downs of careers and life in general. Despite all the changes the one thing that has remains the same is that common thread that binds all of us together, those few short moments in time that we spent together in high school so many years ago..... Enjoy yourself tonight and in the years to come. Stay in touch, and may God continue to bless you and your families!!

Here is a poem written by Laurie Ptaszenski for the class of 68

LOOKING BACK

Today we remember,
The things that we've done,
When we were kids,
And we had so much fun.

It was so long ago
When we started first grade,
With pig-tails and pony-tails
That Mommy had made

And as we look back in time,
We feel a sadness--we realize
That soon we must part.

But I had a lot of fun
With friends that I've met.
And I'll always remember
The work, play, fun and fret.

For in just a short time
We'll go our separate ways.
To live a life of memories
Of those wonderful Kearsley days.
